## **REPORT OF THE MANAGING COMMITTEE OF THE INDUSTRIAL HOME**

To the Warden and Members of the County Council of the County of Norfolk:

Gentlemen,—We, your Managing Committee of the Industrial Home, beg leave to report as follows:

In December a case of diphtheria developed at the Home which necessitated the hiring of a special nurse and the opening of the Isolation Building. This caused considerable expense in the installing of a new toilet, as well as the purchasing of some equipment.

To obviate the danger of a water shortage at the Home, a new motor for pumping water was installed. A damaged gasoline engine, left the Home with no pumping facilities.

On December 26, 1931, a regrettable accident occurred at the Home, when Mr. Forsythe lost his right hand, above the wrist, while operating a cutting box. We are glad to report that this young man is making satisfactory progress toward complete recovery.

We further recommend the following:

1. That the application of W. W. Walsh and Son to conduct the undertaking at the Industrial Home be accepted.

2. That the fee of \$10.00 be paid to the Association of Managers of the Home for Aged and Infirm, and that

Miss Mary Spencer, our Matron, and Mr. William Smith, our farm manager, be appointed delegates to attend the Convention be held in St. Catharines early in July.

Your Committee visited the Home on the afternoon of the 28th of January, and found the institution in its usual state of order and cleanliness.

I wish to state that we noticed the good feeling that existed between the management and the inmates. This, we wish to emphasize, as you can readily understand some of the difficulties which confront the management of an institution of this nature.

All of which is respectfully submitted.

JAMES DOWN, Chairman.
